MEMORIAL MOTORCYCLE RIDE

On February 5, 2008, we lost many of our families, friends and neighbors to the vicious tornadoes that touched down in Sumner, Trousdale and Macon counties.

The Dash Memorial Motorcycle Ride will pay tribute to their memory by following the path of destruction where so many lives were changed forever. Proceeds raised will go to the creation of a memorial meditation area in each of the three affected communities.

Please help honor the memories of those we lost, and aid in the healing process of their families and our communities.
